The future: Erasmus in Karlovac County

- Erasmus + Sports is a possibility for Croatia since 2013.
- The Alpe Adria Alliance has prepared some projects under the Erasmus + such as „ Be sporty –healthy”

- The Karlovac County, apart from the collaboration under the Alpe Adria Alliance plans also to apply to ERASMUS + Sports during 2016. The projects would aim to create a partnership between county-sports associations and sports associations for the disabled and and the final goal would be to underline the necessity of integrating the less-favoured in the work and activities of sports associations and clubs; Partnership is planned with Slovenia and Hungary...
- Project under construction.....!!!! = new partbners and ideas are welcomed!!!

THANK YOU!!!
