

Submit an Innovation

Innovators are encouraged to submit innovative practices to fuel new research on innovation trends and to be considered for the UAE's new World Government Summit Innovation Award. Please see OPSI's recent [blog](#) for additional information.

Relevant Information

A PDF version of the form for preview purposes is available [here](#).

The sections of the form include a few questions for each of the following sections:

- Personal Details
- Organisational Details
- Describing the Innovation
- Developing the Innovation
- Project Reflections

Questions indicated by * are required responses. The more comprehensive your answers, the easier it will be for the judges and others to appreciate the aims and achievements of your innovative project.

Compelling examples will be featured in OPSI's [database of innovations](#).

Should you encounter any technical problems, please contact opsi@oecd.org. If possible, please provide a screen shot of the problem.

Describing the Innovation

***Name of Innovation**

Innovation Website

Other URL related to the innovation

***Year innovation launched**

***Short "elevator pitch" of the innovation**

An "elevator pitch" is a succinct and persuasive sales pitch used to quickly and simply define something.

(maximum characters: 400)

***Executive summary of the innovation**

In your summary, please include information on why the innovation was developed, as well as its objectives and beneficiaries.

(character minimum: 2,000 characters; character maximum: 5,000 characters)

***How is the innovation different, unique, or more innovative than the status-quo or what's been tried previously?**

If you were inspired by another innovation, please also describe it and how your innovation is different.

(maximum characters: 2,500)

***Innovation tags**

Please select all tags that describe your innovation. We encourage you to add additional tags through the "additional tags" box.

Submit an Innovation

Developing the Innovation

*Which stage is your innovation currently in?

- Identifying problems
- Generating ideas
- Developing proposals
- Implementing projects
- Evaluating projects
- Diffusing lessons

***Please describe the status of your innovation today and how it has gotten to this point in the innovation lifecycle.**

For example, how the problem was identified, where the idea for the innovative solution came from, how a course of action was determined, methods and tools used to implement the project and evaluate success and failure, and how the innovation is being spread to others.

(maximum characters: 5,000)

To the extent information is available, what resources were used?

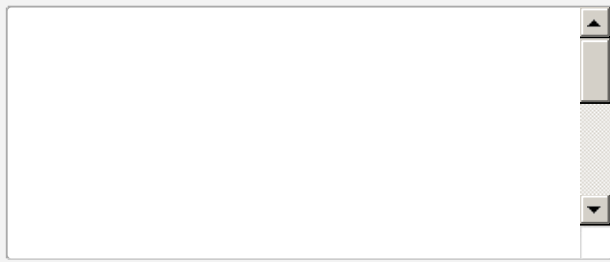

For example: staff, budget, etc.

(maximum characters: 1,000)

Results & Impact

What results and mission impacts have been observed from the innovation so far? What results and impacts are expected?

(maximum characters: 2,000)

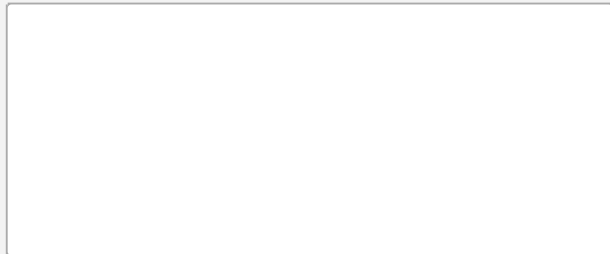

Collaboration and Partnerships

***Please describe the collaboration and partnerships and how it affected the innovation.**

What did each bring to the table and why was it important?

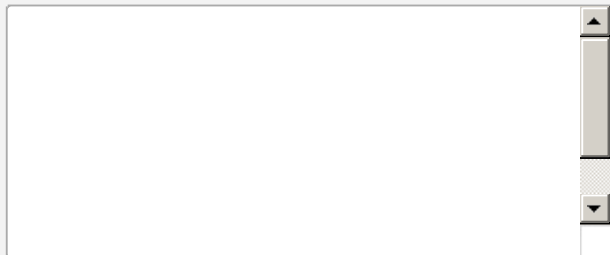

(maximum characters: 1,000)

Please describe how users, stakeholders, and partners were involved during the innovation process and how this impacted the innovation.

This may include citizens, government officials, civil society organisations, and companies.

(maximum characters: 1,000)

Project Reflections

***What challenges have been encountered? And how, if at all, have those challenges have been responded to?**

(maximum characters: 1,000)

***What lessons from your experience would you like to share with others?**

Please include what worked well and what may have worked less well.

(maximum characters: 1,000)

***What conditions do you think are necessary for the success of an innovation such as this?**

For example: supporting infrastructure and services, policy and rules, leadership and guidance, human and financial resources, and personal values and motivation.

Please let us know if you have any feedback on how to improve the form or your experience in completing it

For example, were there any questions that were too difficult to answer, and why?

Would you like to register for the OPSI newsletter on public sector innovation?

Yes

No

May OPSI provide your contact information to government officials in order to help them learn more?

Yes

No
